

**ENVELOPES MADE FROM DUPONT™ TYVEK® ARE STRONG AND DURABLE AND EASILY WITHSTAND EVEN THE MOST GRUELLING CONDITIONS**

Tyvek® is 100% pure high density polyethylene, it is water resistant, light as a feather and virtually indestructible and when you're sending something important, that's exactly what you want your envelope to be.

**TYVEK® ENVELOPES CAN BE CUSTOM-DESIGNED TO YOUR EXACT SPECIFICATIONS**

- Flats** Pre-printed Tyvek® envelopes have almost universal application.
- Expansion** Comes with a side gusset, an ideal replacement for boxes.
- Cushioned** Tyvek® can be laminated to create an envelope that provides extra protection to shocks in transit.
- Interdepartmental** Long-lasting internal envelopes made of Tyvek®.
- Card Sleeves** For magnetic-striped I.D., credit, ATM and other smart cards.
- Disc Packaging** Highly-protective packaging and storage for compact disks.
- Tamper-Evident** Tyvek® lends itself to security envelopes to provide an extra measure of confidentiality and security.

**100% RECYCLABLE TYVEK®**
